Remarks:All FY23 small business subcontracting goals have been met except veteran-owned & Service-Disabled Veteran-Owned small business goals. Fermilab has a number of large projects contracted with CMGC's who large businesses are necessary to handle the scale of these projects.
 **University subcontracts and DOE Spend have been removed from the calculations.
 ***Subcontracts awarded to an ANC or Indian tribe shall be counted towards the subcontracting goals for small business and small disadvantage business (SDB) concerns.
 ****This information is contained in FRA's FY23 Small Business Subcontracting Plan.
 *****Please note that the proposed 26% SB goal cannot be reasonably increased due to the substantial amount of work required by FRA to successfully support construction & services required for the Long Baseline Neutrino Facility (LBNF) and Proton Improvement Plan II (PIP-II) projects (both multi-million-dollar efforts) that increase our base.
