

2nd Workshop on Isotope Federal Supply and Demand

September 19, 2013
Hilton Washington DC/Rockville
Hotel & Executive Meeting Center
Rockville, Maryland
Plaza III
AGENDA

Thursday, September 19, 2013

Time	Topic	Speaker
8:00-8:30	Registration	
8:30-9:15	Welcome and DOE Isotope Program and Status	Jehanne Gillo, DOE SC/NP
9:15-9:45	DOE National Strategic Plan for the Management of Nuclear Materials	Sheri Bone, NNSA
9:45-10:15	Perspective at OSTP and He-4 Status	Keynote Speaker Jerry Blazey, OSTP
10:15-10:30	Break	
10:30-11:15	DOE Isotope Program R&D and re-establishing Domestic Stable Isotope Production	Dennis Phillips, DOE SC/NP
11:15-11:45	Isotope Utilization in the DoD	David Kulp, DoD
11:45-12:15	Nuclear Forensic Reference Material Program: Isotopic Reference Materials	Richard Essex, New Brunswick Laboratory
12:15-1:45	Lunch	
1:45-2:15	Isotopes Management for Space and Defense Power Systems	Rebecca Onuschak, DOE/NE and Len Dudzinski/NASA
2:15-2:30	Re-establishing a Domestic Supply of Am-241	Joel Grimm, DOE SC/NP
2:30-3:00	Assuring Strategic & Critical Materials for U.S. Security Needs	Michael Stone, Defense Logistics Agency
3:00-3:15	Break	
3:15-3:30	The Nuclear Power Industry and Li-7	Richard Reister, NE
3:30-4:00	Defense Nuclear Non-proliferation's Isotope Needs: GTRI's Mo-99 Program Overview	Keynote Speaker: Parrish Staples, NNSA
4:00-4:30	New Opportunities and Clinical Trials of Medical Isotopes	Antonio Sastre, NIH
4:30	Conclusion	Jehanne Gillo, DOE SC/NP
