

## ACKNOWLEDGMENTS

The contributions of Charles E. Pietri, HITECH Consultants; Sherry Davis-Cross, Pacific Northwest National Laboratory; Shirley Fry, Linda Sharp, Lisa Carroll, and Jeff Richmond, Oak Ridge Institute for Science and Education (ORISE); and Kim Laing and Joanne Corcoran who helped prepare this paper, are gratefully acknowledged. Also acknowledged are the following individuals who participated in the June 1997 DOE Worker Studies Ethics Panel, provided a basis for this paper, and contributed to the critical review of its contents:

Edward Emmett, M.D., Thomas Jefferson University Jefferson Medical College, Pennsylvania.  
Glenn Bell, Y-12 Plant, Oak Ridge, Tennessee  
Eula Bingham, Ph.D., University of Cincinnati, Cincinnati, Ohio  
Baruch Brody, Ph.D., Baylor College of Medicine, Houston, Texas.  
John Campbell, retired miner, Nevada Test Site, Las Vegas, Nevada  
Larry R. Clevenger, M.D., Sandia National Laboratories, Albuquerque, New Mexico  
Barbara Handelin, Ph.D., Handelin Associates, Westchester, Pennsylvania  
Susan Katz, J.D., former member of the Yale University IRB, New Haven, Connecticut  
Sylvia Kieding, Paper, Allied-Industrial, Chemical and Energy Workers International Union, Denver, Colorado  
Vern McDougall, ATL, Inc., Gaithersburg, Maryland (formerly with the United Brotherhood of Carpenters)  
Helen McGough, M.A., University of Washington, Seattle, Washington  
Diane M. Morrell, Rocky Flats Environmental Technology Site, Golden, Colorado  
John Peeters, Ph.D., U.S. Department of Energy, Germantown, Maryland  
Nathaniel Rothman, M.D., National Cancer Institute, Bethesda, Maryland  
Mark A. Rothstein, J.D., University of Houston, Houston, Texas  
Kathleen Taimi, U.S. Department of Energy, Washington, D.C.  
James E. Tarpinian, Bechtel Hanford, Inc., Hanford, Washington

Others who have provided helpful reviews of the document include: Michael Colligan, M.D., Joseph Hurrell, Jr., M.D., and Mitchell Singal, National Institute for Occupational Safety and Health; Dotty Roberts, formerly of ORISE; John Jankovic, Oak Ridge National Laboratory; Yvonne Sherman, DOE, Richland, WA; Heather Stockwell and Harold Goldsmith, Department of Energy, and Marjorie Speers, Ph.D., Centers for Disease Control.

Knut Ringen, Ph.D., Center to Protect Workers' Rights, and Scott Barnhart, M.D., and Tim Takaro, M.D., University of Washington (principal investigators for worker studies research programs being conducted at various DOE sites) generously shared the IRB-approved documents provided in the attachments.
