Dear Mel and Bob,

Attached please find the Neutrino Scientific Assessment Group's second report, dated February 28, 2006. This report, to be presented at the NSAC and HEPAP meetings later this week, is NuSAG's response to the remaining charges originally given to us, covering experiments for a program in accelerator- and reactor-based neutrino oscillation physics.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "Eugene W. Beier Peter D. Meyers". The signature is fluid and cursive, with the two names written together.

Gene Beier
Peter D. Meyers
Co-chairs, NuSAG
